

School Apps & Systems

September 2024

Arbor

<https://login.arbor.sc/>

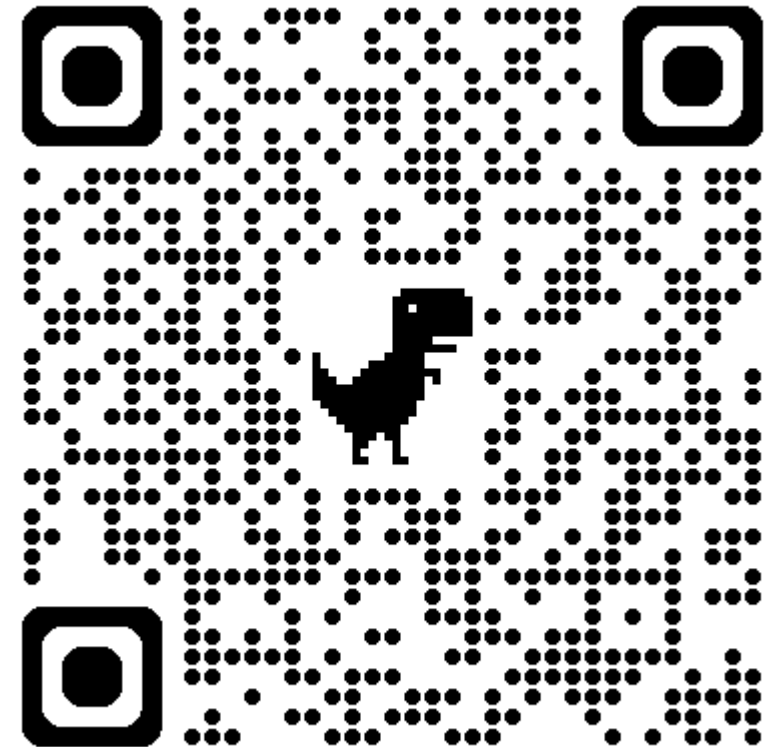

This is our Student Management Information System.

Parents can download the APP or go via desktop/web browser. Parents will be able to see if there is any clubs, trips, or consents required, make payments etc.

Parents can also view their child/children's attendance and view school reports.

To login – enter your email address and select forgotten password.

School Grid

<https://schoolgrid.co.uk/>

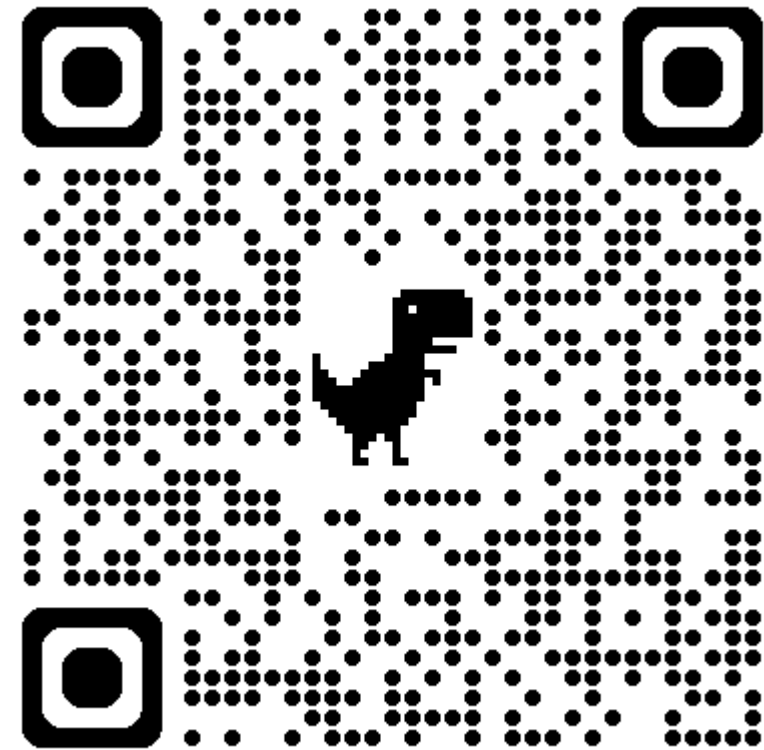

This is our school lunch ordering platform.

Parents and children can use this system to pre-order meals in advance. Payments for dinners should be made directly on School Grid – applicable for children in Year 3 and above and who are NOT in receipt of benefit related Free School Meals.

NOTES:

Lunches must be ordered by no later than 9.20am – no orders or late orders cannot be accepted and your child will be offered the cold option only (roll or baguette). Herts Catering Limited are unable to deviate from the menu to offer any alternatives. If your child does not like any of the options available please send them in with a packed lunch.

Boom Reader

<https://www.boomreader.co.uk/>

A digital reading record for all of your pupils

- Quick and easy to use for pupils, parents and staff
- Reading can be recorded from any device connected to the internet - web based or APP version available
- No more loss of records
- Incentivise reading for pupils by issuing digital rewards
- No need to replace lost or damaged reading diaries
- Reduce environmental impact of book production

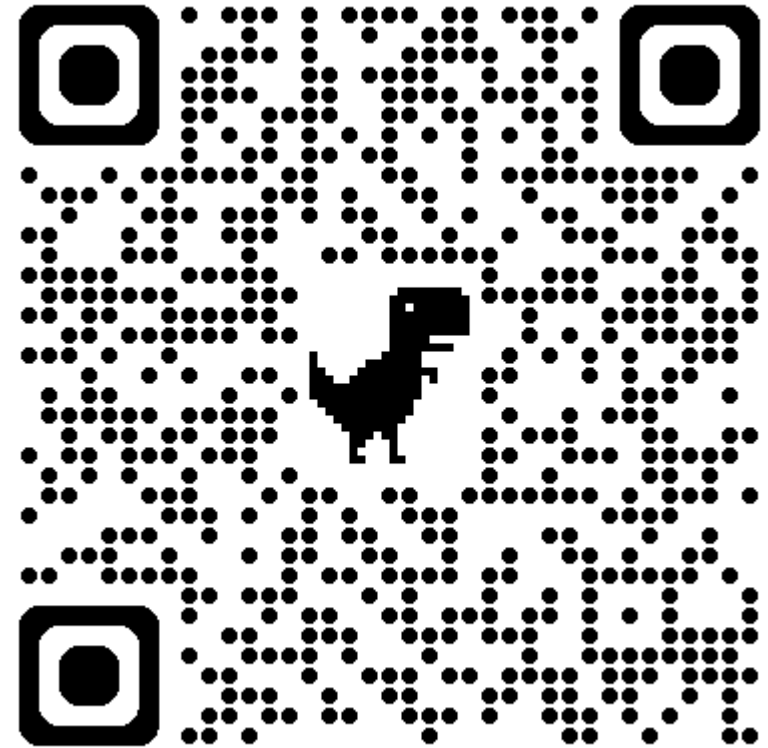

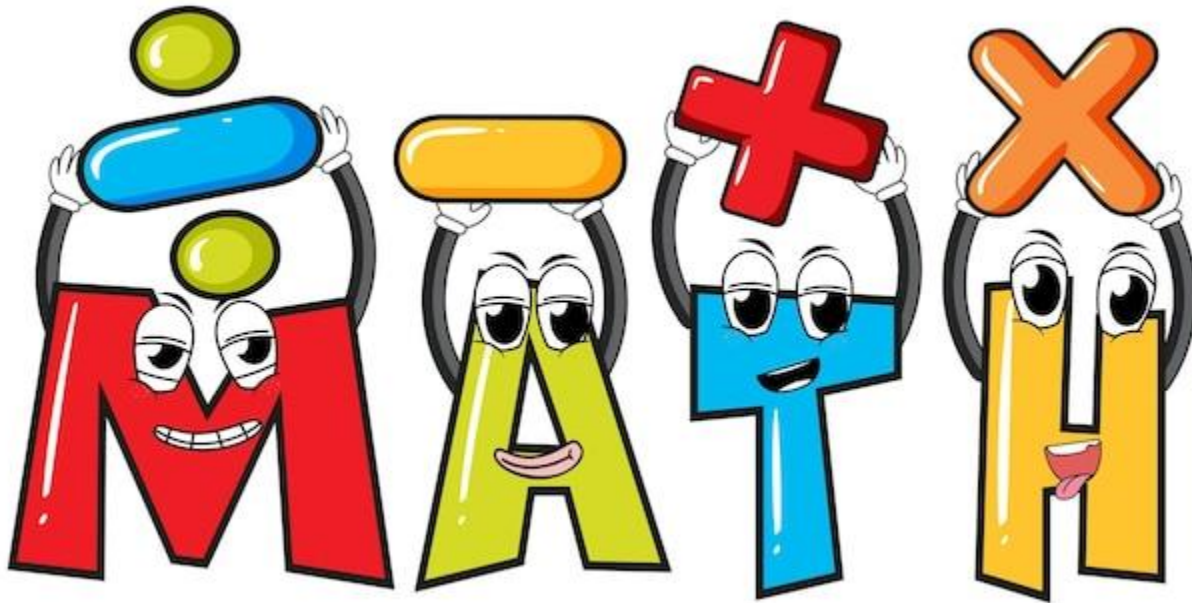

Mathletics

<https://login.mathletics.com/>

Children are set maths homework via Mathletics.

It is a fun and interactive platform where children can practise their maths at anytime, anywhere.

Curriculum Visions

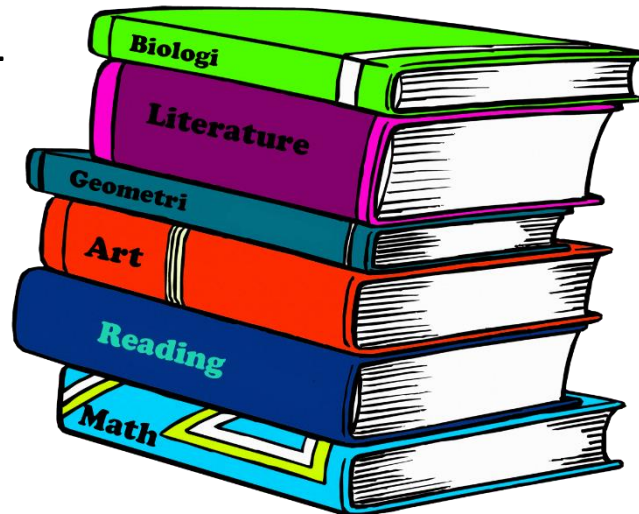

<https://www.curriculumvisions.com/>

This is an online e-library which is available to all children. It contains a variety of books across all topics in the curriculum. Children can read or listen to audio books, watch videos etc.

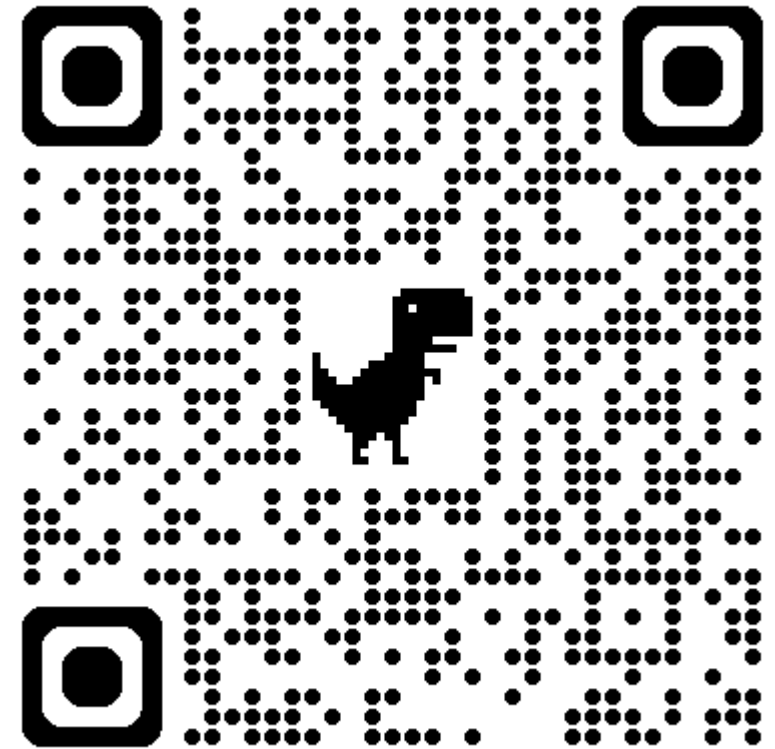

There is a whole school generic log in code for all students.

Username: **GREENLANES/1**

Password: **STUDENT1**

Curriculum Visions

Google Classroom

www.edu.wonde.com

Your child will be given their 'magic code' to enable them to log in. If you are experiencing issues in logging in please speak to the School Office (some parents with android phones/tablets may experience issues) – the office are happy to help assist you.

TIPS: If you cannot access via edu.wonde.com then either download the Google Classroom app or go to google classroom via your desktop / web browser and enter your child's Green Lanes email address and password.

Google Classroom

Other systems

There are other systems that we use to help with learning during the school day and on occasions we may ask you to support your child with this at home, in which case we will give you their log in details for these. These include:

Literacy Gold (engaging eyes)

Natterhub (e-safety)

Collins Hub (e-library)

If you need any support with any of the apps and systems above, please contact the school office.
