Learning communications

- We are looking to give you termly attainment drops- how they are doing with SS was this useful?
- Followed by a discussion on what this means
- Is there anything else you would need? Do we need to communicate that parents can book in for a chat with a teacher afterschool for 10mins if they wish or book in for a call back.

How is the best way to
communicate- would you
prefer emails? PDF
attachments?

Look out for parent
questionnaire by end of
October

Are there any questions
you would like included?
