

RESEARCH PROJECT

Green Lanes Primary

OUR PROJECTS

Reduce
technology

15 minutes daily

INTRODUCTION

THE NEW ACTION RESEARCH PROJECT WILL CHANGE
HOMEWORK INTO 5 15 MINUTE PRACTICAL ACTIVITIES

RESEARCH

We know the brain will remember more if we do it often and in short bursts.

The concept is also to move away from online to practical activities:

Reading
Spelling
Tables

GOALS

1

Focus group will record
completion of activities
using a bookmark

2

Attitudes
We will find out if attitudes
to learning changes through
questionnaires

3

Outcomes
Does it improve outcomes
for the children?
Do they remember more?
Can they apply this to their
learning?

TIMINGS

1

Sign up of pilot group- parents sign up their child/children

2

20 minute club opens in library for those children in KS2 who would like to complete independently.

START DATE

DECEMBER

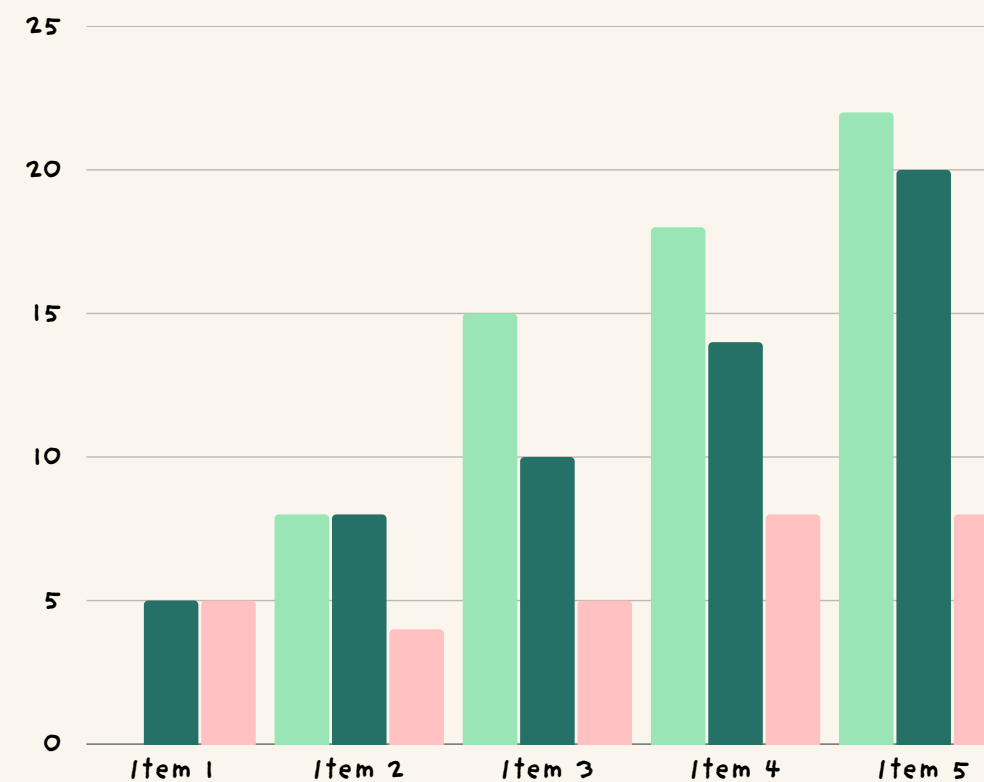

Enrol pupils to the pilot
Briefing the online to
explain the project
pupils
parents
teachers

JANUARY

Project begins
timing is 6 week period
half term

DATA FINDINGS

We will then analyse the data from the project.
